EVERYONE LEARNS EVERYDAY

Turning
little dreamers
into

big

achievers

At Mandsaur International School, we believe that every child is unique therefore, we keep on upgrading and changing our teaching methods at every stage to match the students' level of understanding. We provide the right atmosphere and opportunities for children to learn, grow and create their own future.

Chairman's

Message

Dear Parents,

I am delighted to welcome you to Mandsaur International School. This brochure is a little journey into the thought process and background of work that is put into preparing young minds to be learners, contributors, visionaries and game changers of tomorrow, today.

I am proud to be the founder of this institution which presents an ideal learning environment to tender minds who are unleashing their potential every day without any fear.

We are committed to raising an army of highly developed individuals who are destined to become an active and responsible part of society as scientists, doctors, engineers, artists and beyond.

We are fortunate to have a pool of highly committed and qualified faculty for whom teaching is not just a profession but a passion to instill values and build a strong character out of every student at Mandsaur International School.

Bringing Google into the classroom

Our teaching methods stay ahead of times with Google Classroom and Khan Academy Learning Portal. These innovative teaching methods are changing the face of conventional classroom teaching.
